

German Accreditation Body

Annex to the accreditation certificate D-EP-15070-01-01 according to DIN EN ISO/IEC 17043:2023

Valid from:

09.04.2026

Date of issue: 09.04.2026

This annex to the certificate is part of the accreditation certificate D-EP-15070-01-00.

The German original version „Anlage zur Akkreditierungsurkunde D-EP-15070-01-00 is valid.

Holder of the accreditation certificate:

**Testo Industrial Services GmbH
Gewerbestraße 3, 79199 Kirchzarten**

with the location

**Testo Industrial Services GmbH
Gewerbestraße 3, 79199 Kirchzarten**

The proficiency testing provider fulfils the requirements according to DIN EN ISO/IEC 17043:2023 to perform the conformity assessment activities listed in this annex. The proficiency testing provider shall comply with additional legal and normative requirements, including those in relevant sectoral programmes, where applicable, provided these are explicitly confirmed below.

The requirements for the management system in DIN EN ISO/IEC 17043 are written in a language relevant for proficiency testing providers and are generally in accordance with the principles of DIN EN ISO 9001.

*This certificate was issued by the Deutsche Akkreditierungsstelle GmbH and is digitally sealed.
It is only valid together with the written certificate and reflects the status at the time of issue. The current status of valid and monitored accreditation can be found in the database of accredited bodies of the German Accreditation Body (www.dakks.de)*

Annex to the accreditation certificate D-EP-15070-01-01

Aptitude tests in the following areas:

Dimensional measured variables

Length

- gauge blocks
- Length measuring equipment
- Diameter
- Thread

Proficiency testing of calibration laboratories in the following areas:

Subject area	Measured variable / calibration item	Conditions	Qualifying examination programme
Dimensional measured variables Length	Steel gauge blocks Ceramic gauge blocks		Proficiency testing programmes are carried out on request.
Diameter	Ring gauges, plug gauges, test pin	Diameter, roundness,	
Thread	Thread ring gauges, thread		
Length measuring equipment	Calipers, depth calipers, micrometers, 3-line inside micrometer, outside and inside rapid probe		
	Dial gauges, dial indicators, lever gauges, electrical

The proficiency testing provider fulfils the requirements according to DIN EN ISO/IEC 17043:2023 to perform the conformity assessment activities listed in this annex. The proficiency testing provider shall comply with additional legal and normative requirements, including those in relevant sectoral programmes, where applicable, provided these are explicitly confirmed below.

The requirements for the management system in DIN EN ISO/IEC 17043 are written in a language relevant for proficiency testing providers and are generally in accordance with the principles of DIN EN ISO 9001.

Aptitude tests in the following areas:

**Thermodynamic measured variables
Temperature measured variables**

*This certificate was issued by the Deutsche Akkreditierungsstelle GmbH and is digitally sealed.
It is only valid together with the written certificate and reflects the status at the time of issue. The current status of valid and monitored accreditation can be found in the database of accredited bodies of the German Accreditation Body (www.dakks.de)*

Proficiency testing of calibration laboratories in the following areas:

Subject area	Measured variable / calibration item	Conditions	Qualifying examination programme
Thermodynamic measured variables Temperature	Standard platinum resistance thermometer	at fixed temperature	Proficiency testing programmes are carried out on request.
	Resistance thermometer		
	Direct-reading thermometers		
	Thermocouples Precious metal thermocouples, non-precious metal thermocouples		
	Liquid-in-glass thermometer		
	Temperature block calibrators
